GENERAL INFORMATION

1. All forms filed with the State of Idaho must be official Idaho State tax returns or a **pre-approved** substitute tax form.

A substitute tax form is a form, other than the official Tax Commission form, that is commercially typeset and printed, computer generated or computer programmed.

2. Any company that designs, markets and/or files substitute tax forms for processing by the STC **must get prior approval from the STC before using the substitute tax forms.**
3. Substitute tax forms **must** be compatible with the STC automated processing system. The STC must be able to process the substitute tax form in the same manner as the official form; therefore, all substitute tax forms must meet the guidelines included in this publication. The STC reserves the right to reject any substitute tax form that does not meet the guidelines mentioned in this publication or that would cause processing problems.
4. Substitute tax forms **must** include a company identification code. The company identification code may be the company's initials or some other alpha or alpha-numeric code chosen by the State Tax Commission. Your company may suggest a code that would be compatible with other states.

The company identification code will identify the company responsible for designing the substitute tax form, not necessarily the designer of the software. And it will enable the Tax Commission to contact the correct company should a problem occur with their substitute tax form.

5. Supply 5-10 substitute forms with data in order to test your forms through our automated equipment.

If you have questions or want to submit test data for substitute forms approval, call or write to:

Carrie Gill, Revenue Operations
Idaho State Tax Commission
PO Box 36
Boise ID 83722-0410
(208) 334-5360
or email to: cgill@tax.idaho.gov

7. The substitute forms specifications shown for Idaho State tax forms are only for the variable information on those forms. A forms design software will be necessary in order to produce the standard information on these forms.

If you wish to obtain copies of Tax Commission laws and rules, you may call (208) 334-7545 and an order form will be sent to you.

Instructions for Idaho Form 41EST

Quarterly Estimated Payments

WHO MUST MAKE ESTIMATED INCOME TAX PAYMENTS

A corporation is required to make estimated tax payments to the Idaho State Tax Commission if it is required to make estimated payments to the Internal Revenue Service and will have an Idaho income tax liability of \$500 or more. Estimated payments are not required if the corporation was not required to file an Idaho return the previous tax year.

If you received personalized payment vouchers, use the appropriate voucher for each filing period. If any of the preprinted information is incorrect, draw a line through it and enter the correct information. Check the box on the voucher if there is a change in your mailing address.

If you do not have a preprinted form, use the Form 41ES. You can find it on our Web site at tax.idaho.gov.

ESTIMATED TAX PAYMENTS

Each estimated tax payment must be 25% of the tax required to be reported on the corporation's return for the prior year, or 90% of the tax required to be paid on the current year's return, whichever is less. Do not include fuels tax due or fuels tax refunds reported on the income tax returns.

For corporations, the tax required to be reported is defined as Idaho taxable income multiplied by the appropriate tax rate, plus the permanent building fund tax, plus tax from recapture of investment tax credit, broadband equipment investment credit, and incentive investment tax credit, minus allowable income tax credits.

For S corporations, estimated tax payments are computed on the Idaho tax due to built-in gains, excess net passive income, or capital gains. Estimated payments are not required on the tax due on income being reported for individual shareholders.

A corporation making estimated payments in a year following the revocation of subchapter S status will use \$20 as the tax amount required to be reported on the prior year's return.

COMPUTATION OF ESTIMATED TAX PAYMENTS

The Form 41EST worksheet will allow you to compare the income tax on last year's return with the anticipated income tax for the current year and, using the smaller of the two, determine the estimated payment for each period. If your estimated payments are based on 90% of the income tax required to be paid on the current year's return and the anticipated income tax for the current year is revised, use the revised amount to recompute any remaining estimated tax payments.

DUE DATES

For calendar year taxpayers, estimated payments are due on the 15th

day of April, June, September, and December. For fiscal year taxpayers, estimated payments are due on the 15th day of the 4th, 6th, 9th, and 12th months of the tax year.

The due dates for the federal estimated tax payments and the Idaho estimated tax payments are the same. If the due date is on a Saturday, Sunday, or legal holiday, substitute the next work day as the due date.

UNDERPAYMENT OF ESTIMATED TAX

Interest is due on the difference between the amount of estimated payment required to be made on each quarterly voucher and the amount of quarterly payment actually made. Interest is computed from the due date of the estimated payment until the required amount is paid or until the due date of the return. The interest rate for 2004 was 6%. The interest rate for 2005 is 6%.

Form 41ESR, Underpayment of Estimated Tax by Corporations, is provided with your corporate income tax return packet. Use the form to determine the amount of any underpayments and interest due when you file your return.

OVERPAYMENT OF ESTIMATED TAX

Excess estimated tax payments will be refunded after the completed return is filed. You may elect to apply the excess to the subsequent year's estimated tax by designating the carryover on the corporation income tax return, Form 41, or the S corporation return, Form 41S.

Overpayments will be applied to any prior year tax liabilities before carryovers or refunds are allowed. You will be notified if your overpayment is applied to an existing liability, reducing your refund or carryover.

ANNUALIZED INCOME AND ESTIMATED PAYMENTS

If your estimated payments are based on annualized income for federal purposes, you may use that same method for making Idaho estimated payments. The estimated tax due for the installment period is calculated by multiplying the applicable percentage (22.5%, 45%, 67.5% and 90% for the 1st, 2nd, 3rd, and 4th installments, respectively) by the full year's tax on the annualized income for the period and deducting any prior installments.

SHORT TAX YEAR

If the short tax year ends before any remaining due dates, you must make a final estimated payment on the 15th day of the last month of the short tax year. No estimated tax payment is required if the short tax year is less than four months or if the requirements to make an estimated payment are not met before the first day of the last month in the short tax year.

Use the worksheet below to determine the correct amount for your estimated payment.

FORM 850 INSTRUCTIONS -- IDAHO SALES AND USE TAX

These instructions are to help you prepare your tax return. If you have questions about the application of sales and use tax laws, contact the nearest office of the State Tax Commission.

A RETURN MUST BE FILED FOR EACH TAX PERIOD, EVEN WHEN NO TAX IS DUE.
LABELS ARE INCLUDED FOR YOUR CONVENIENCE.

General. You are required to report tax using the accrual method. This means that you must report and pay tax on all cash and credit sales and items purchased subject to use tax even if payment has not been made. **You must sign your return to make it valid. Unsigned returns may result in penalty or interest, or both.**

Due Date. Returns cover either one month, quarter, semiannual or annual period. **Each return indicates the period covered and the due date.**

Even if you have made no sales or acquired no items subject to use tax, you must file a return on time. Simply write -0- in the appropriate areas of the return.

Change of Mailing Address. Mark the "mailing address change" box on your tax return and provide the new address. If there is a change in location, see item #4.

Change in Operation/Ownership. Any change in operation of your business must be reported on an amended Idaho Business Registration Form. You must report changes in partners or officers, any restructuring of ownership, new location, address change, or additional locations.

New Owner. If you are a new owner of a business, **do not use a return which has been addressed to the former owner.** Permits are not transferable. Contact the nearest office of the State Tax Commission to obtain an Idaho Business Registration Form for a new number.

Cancel permit. If this is your final return, mark the "cancel permit" box on your tax return. Attach a statement giving information and the date of disposition of the business. If you operate more than one business location under this permit number, please specify which location is closed and which is still open.

Line 1. Total Sales. Enter the amount of all accrued sales for the period, including cash and credit transactions. Total Sales include:

- All sales originating in Idaho with an in-state destination, both wholesale and retail.
- All sales originating in Idaho with an out-of-state destination, both wholesale and retail.
- All sales originating outside Idaho with an Idaho destination, both wholesale and retail.
- Total of labor and sales of tangible personal property, both wholesale and retail.

Line 2. Nontaxable Sales. Enter the amount of all nontaxable sales for the period, including cash and credit transactions.

Line 3. Net Taxable Sales. Subtract line 2 from line 1.

Line 4. Items Subject to Use Tax. A use tax is imposed on the use, storage or other consumption of tangible personal property in

Idaho upon which a sales tax has not been paid. Enter the taxable amount of items you purchased for use, storage or other consumption during this period on which you did not pay a sales tax.

Line 5. Total Taxable. Add lines 3 and 4.

Line 6. Tax. Multiply line 5 by the tax rate shown below.

Period: July 1, 2005 or after	Rate: 5%
Period: May 1, 2003 - June 30, 2005	Rate: 6%
Period: April 30, 2003 or before	Rate: 5%

Line 7. Adjustments. Use this line when claiming adjustments or amending previous returns (such as errors in reporting or bad debt write-offs on accounts found to be worthless). **A letter of explanation must be attached.** For assistance, call: (208) 334-7821 or toll-free 1-800-972-7660, ext. 7821.

Line 8. Tax Due. If line 7 results in an increase, add to line 6. If line 7 results in a decrease, subtract from line 6.

Line 9. Penalty. Delinquent returns are subject to penalty. No penalty is due if no tax is due. Penalty is 5% of the tax due for each delinquent month or portion of a month. The maximum penalty is 25% and the minimum penalty amount is \$10.00.

Line 10. Interest. Interest accrues on delinquent payments from the due date until paid. Rates are as follows:

1/1/2005 - 12/31/2005	6% per year
1/1/2004 - 12/31/2004	6% per year
1/1/2003 - 12/31/2003	5% per year
1/1/2002 - 12/31/2002	7% per year

Line 11. Total due this period. Add lines 8, 9 and 10. Pay this amount.

Taxes to be paid by electronic funds transfer. All payments to the State of Idaho may be paid by electronic funds transfer. Whenever the amount due is \$100,000 or greater, the law requires that electronic funds transfer be used. You must file your written tax return on or before the due date, indicating payment by Electronic Funds Transfer.

If you do not pay by electronic funds transfer, the total payment for tax due must accompany your return. Make your check or money order payable to the State Tax Commission. Do not staple your check to your return or send a check stub.

Payment by Credit Card. All payments to the State of Idaho under \$100,000 may be paid by MasterCard, Visa, and Discover Card by logging on to: tax.idaho.gov and clicking the Electronic Payments button, or by calling 334-7660 or 1-800-972-7660. FORM 910 INSTRUCTIONS

Payment Requirements. If your account filing cycle is monthly, split-monthly or quarterly, you must pay the withheld Idaho income taxes electronically or with a Form 910, Idaho Withholding Payment Voucher. All payments are due on or before the due date as shown in the due date table below.

Please include the Form 910 with your check or money order to ensure your account is properly credited. If you did not withhold income taxes, you must file a "zero" payment.

Zero Payments. You can file zero payments in one of the following ways:

1. Through the withholding web filing system. File your zero payment through our Web site at tax.idaho.gov. Click on the "Electronic Filing" button.
2. By Electronic Funds Transfer (EFT). Zero payments are allowed through the EFT system. (See below)
3. By using a Form 910 payment and entering a "0" in the "Payment Amount" box. Mail it to: Idaho State Tax Commission, PO Box 76, Boise, Idaho 83707-0076.

Payments Made by Electronic Funds Transfer (EFT). You can use EFT to make all your payments to the state of Idaho. Whenever the amount due is \$100,000 or greater, the law requires you to use EFT. For more information on how to make payments electronically, call 334-7515 or toll free at 1-800-972-7660, ext 7515, or visit our Web site at tax.idaho.gov. **Do not file a Form 910 when paying by EFT.**

Payment Made by Credit Card. Use Discover Card, MasterCard or Visa to make payments under \$100,000 to the state of Idaho. You can pay through our Web site at tax.idaho.gov by clicking the "Electronic Payments" button, or by calling 334-7660 or 1-800-972-7660 toll free. Debit card payments may be made at your local Idaho State Tax Commission office. **Do not file a Form 910 when paying by credit card.**

Payment Made by Check. Make your check or money order payable to the Idaho State Tax Commission. Payment must be accompanied by a Form 910 postmarked on or before the due date. Mail your Form 910 and payment to: Idaho State Tax Commission, PO Box 76, Boise, Idaho 83707-0076.

Change of Mailing Address. If the address on your form is incorrect, check the "Mailing Address Change" box on the Form 910 and provide your new address.

New Owner. If you are a new owner of a business, do not use a form that has been addressed to the former owner. Accounts are not transferable. Contact the Idaho State Tax Commission at 334-7660 or 1-800-972-7660 toll free to obtain an application for a new number, or visit our Web site at tax.idaho.gov. Click on the "Forms" button.

Cancel Account. If you want to cancel your account, check the "Cancel Account" box on your Form 910.

Signature. You must sign your Form 910.

Penalty. If you make first payment for a period after the due date, the penalty is 5% of the tax due for each month (or part of a month) the payment is late. If you underpaid for a tax period, your subsequent payments for the same period are subject to .5% (1/2 of one percent) penalty. The minimum penalty is \$10; the maximum penalty is 25% of the tax due.

Interest. Interest accrues on late payments from the due date until paid. Rates are as follows:

1/1/2005 - 12/31/2005, 6% per year
1/1/2004 - 12/31/2004, 6% per year

IDAHO STATE TAX COMMISSION
Requirements for Substitute Forms

**Information on
956 Withholding Reconciliation & 957-W Transmittal**

- ◆ Form 956 now has a worksheet: It is optional although it would be a great addition in your software package or if a print copy is required. The reconciliation worksheet is used to summarize the yearly activity and reconcile payments made to the actual amount of Idaho income tax withheld.
- ◆ Use Form 956, Idaho Withholding Reconciliation, to report the total taxable wages and reconcile the total amount of Idaho taxes you withheld during the calendar year to the amount you paid to the Idaho State Tax Commission for the same calendar year. Form 956 is due on or before January 31.
- ◆ Please note the differences between the 956 Forms. **Each form is different depending on the filing cycle. There are four different 956 forms. One form monthly filers, one for quarterly filers, one for split-monthly filers and one for annual filers.**
- ◆ “From” and “To” fields are gone from both the 956 and 957-W. The “Tax Year” field replaces them.
- ◆ There is now a filing cycle indicator field located under the form title on each 956. It is either “Monthly”, “Quarterly”, “Split-Monthly” or “Yearly” depending on the filing cycle of the account.
- ◆ 957-W replaces the 956-W for tax year 2004 and after. While the transaction code of the Form 956 is still “56”, the 957-W now has a transaction code of “57” in the scan line.
- ◆ Use Form 957-W, Idaho Transmittal of Wage and Tax Statements, to submit the state copy of the federal Forms W-2 and any 1099 forms with Idaho income tax withholding to the Tax Commission. Form 957-W and Forms W-2 and/or Forms 1099 with Idaho withholding are due on or before the last day of February.
- ◆ Form 956 and 957-W now have different due dates: Monthly, Quarterly and Split-Monthly Form 956 are due 1/31/200X. Yearly Form 956s are due 2/28/200X. All 957-Ws (Monthly, Quarterly, Split-monthly and Yearly) are due 2/28/200X.
- ◆ The 957-Ws is now an 8 ½ X 11 sized form. There is a coupon at the top and a coupon at the bottom with a transmittal checklist in between. The bottom coupon will be used to report all W-2 and 1099 information for the year and will be required to be signed and dated as it has in the past. The top coupon will also have your name and scan line information on it and will be used as a header for your W-2s and 1099s. **The entire 8 ½ X 11 page must be returned to the Tax Commission. Even though there is a perforated line above the bottom coupon, do not detach it from the rest of the page.**

IDAHO WITHHOLDING RECONCILIATION INSTRUCTIONS

GENERAL INFORMATION FOR FORMS 956 AND 957-W

Use Form 956, Idaho Withholding Reconciliation, to report the total taxable wages and reconcile the total amount of Idaho taxes you withheld during the calendar year to the amount you paid to the Idaho State Tax Commission for the same calendar year.

Use Form 957-W, Idaho Transmittal of Wage and Tax Statements, to submit the state copy of the federal Forms W-2 and any 1099s with Idaho income tax withholding to the Tax Commission.

Refer to "Magnetic Media Filing" below to determine if you are required to file W-2 information by magnetic media.

Who Must File. If you had an active Idaho withholding account for any part of the year or withheld Idaho income taxes during the year, you must file both Forms 956 and 957-W. You must file a return even if you withheld no income tax from employees' wages or if you cancelled your account during the year.

When to File Forms 956 and 957-W. Form 956 for monthly and quarterly filers is due on or before January 31. Form 956 for annual filers, Form 957-W and Forms W-2 and/or 1099s are due on or before the last day of February.

Where to File. Send the signed and completed Forms 956 and 957-W with W-2s and/or 1099s to:

Idaho State Tax Commission
PO Box 76
Boise, ID 83707-0076

Rounding Amounts. Round the amounts on your return to the whole dollar. Reduce amounts less than 50 cents to the whole dollar. Increase amounts of 50 cents or more to the next whole dollar.

Records and forms needed to complete the reconciliation process:

Payroll records
Completed Forms W-2, and any 1099s with Idaho withholding
Record of Idaho Withholding Payments
Idaho Withholding Reconciliation Worksheet
Form 956, Idaho Withholding Reconciliation

IDAHO WITHHOLDING RECONCILIATION WORKSHEET

Complete the Idaho Withholding Reconciliation Worksheet before completing Form 956. You should keep the worksheet for future reference. You are not required to send the Tax Commission a copy.

Tax Withheld. Determine the actual amount of Idaho income tax withheld.

1. From your payroll records or the Record of Idaho Withholding Payments, enter the amount withheld for each period in Section I, Tax Withheld column of the worksheet. NOTE: If you file quarterly, enter the amount withheld for each quarter. If you file annually, enter the total amount withheld for the year. Total the amounts of Tax Withheld and enter the total in Section II, Line 1 of the worksheet.

2. From the W-2 and 1099 forms, enter the total Idaho withholding from the box titled "State Income Tax" on the Forms W-2 and 1099s in Section II, Line 2. If the total from Section II, Line 1 is not the same as the total from Section II, Line 2, review your records to identify the difference and make corrections. If you have given your employees incorrect W-2s, you must issue corrected W-2s (federal Form W-2C).

Payments. Determine the actual amount of Idaho income tax paid.

1. From your payment records or the Record of Idaho Withholding Payments, enter the total amount of withholding paid to the Tax Commission for each period in Section I, Amount Paid column. NOTE: If you file quarterly, enter the amount of payments for each quarter. If you file annually, enter the total amount of payments for the year. If you made multiple payments for a single period, enter the total amount. Enter the total of the Amount Paid column in Section III, Line 1 of the worksheet.

2. If you made other withholding payments, but did not include them in the Amount Paid column, enter the amount in Section III, Line 2 of the worksheet.

Payment Timeliness. For each period, enter the date of the last payment made to the Tax Commission in Section I, Date Paid column. Compare the date paid to the due date of the payment. If the date paid is later than the due date, you may owe penalty and interest.

Penalty and Interest. If any payment for a period was paid late or if the tax withheld is more than the amount paid, calculate penalty and interest.

1. Calculate penalty separately for each filing period. If you made your first payment for a period after the due date, the penalty is 5% of the tax due for each month (or part of a month) the payment is late. If you underpaid for a tax period, your subsequent payments for the same period are subject to .5% (1/2 of one percent) penalty. The minimum penalty is \$10; the maximum penalty is 25% of the tax due.

- For each period, enter any penalty amount included with the payment in Section I, Penalty Paid of the worksheet.
- For each period, enter any penalty amount not included with the payment in Section I, Penalty Due of the worksheet.

2. Interest accrues on the unpaid tax from the due date for each month until the date paid. Interest rates are as follows:

1/1/2005 - 12/31/2005, 6% per year; .00016393 daily
1/1/2004 - 12/31/2004, 6% per year; .00016393 daily

Interest calculation: a) Multiply the tax due amount by the 2004 daily interest rate of .00016393. Multiply the result by the number of days late. b) Multiply the tax due amount by the 2005 daily interest rate. Multiply the result by the number of days late. c) Add the resulting amounts from Step 1 and Step 2.

Example: \$100 due 7/20/2004 and paid 12/31/2004 is 164 days late in 2004 (including weekends and holidays). \$100 tax amount due times the daily interest rate of .00016393 equals .016393; .016393 times 164 days late equals \$2.69 interest due.

3. For each period, enter any interest amount included with the payment in Section I, Interest Paid column of the worksheet.

4. For each period, enter any interest amount not included with the payment in Section I, Interest Due column of the worksheet.

5. Calculate the total Penalty Paid and total Interest Paid. Enter the total paid penalty and interest in Section III, Line 3 of the worksheet.

6. Calculate the total Penalty Due and total Interest Due. (The totals will be used when completing the Form 956.)

Refunds and Credits.

1. Enter the total of any income tax withholding refunds received within the current calendar year in Section III, Line 4 of the worksheet.

2. Enter the total of credits applied from a prior period within the current calendar year in Section III, Line 5 of the worksheet.

3. Total Payment. Total the amounts from Section III, Lines 1 through 5. Enter the total in Section III, Line 6.

IDAHO WITHHOLDING RECONCILIATION WORKSHEET

Complete the Idaho Withholding Reconciliation Worksheet before completing Form 956. You should keep the worksheet for future reference. You are not required to send the Tax Commission a copy.

Tax Withheld — Calendar Month. Determine the actual amount of Idaho income tax withheld by calendar month.

1. From your payroll records or the Record of Idaho Withholding Payments, enter the amount withheld for each calendar month in Section I, Tax Withheld—Calendar Month column of the worksheet. Total the amounts of Tax Withheld—Calendar Month and enter the total in Section II, Line 1 of the worksheet.
2. From the W-2 forms and 1099s, enter the total Idaho withholding from the box titled "State Income Tax" on the Forms W-2 and 1099s in Section II, Line 2. If the total from Section II, Line 1 is not the same as the total from Section II, Line 2, review your records to identify the difference and make corrections. If you have given your employees incorrect W-2s, you must issue corrected W-2s (federal Form W-2C).

Tax Withheld — Split-Monthly. Determine the actual amount of Idaho income tax withheld by split-month.

1. From your payroll records or the Record of Idaho Withholding Payments, enter the amount withheld for each split-monthly reporting period in Section I, Tax Withheld—Split-monthly column of the worksheet. Calculate the total Tax Withheld—Split-monthly. (The totals will be used when completing Form 956.)

Payments. Determine the actual amount of Idaho income tax paid by split-month and make adjustments to calculate calendar year payments.

1. From your payment records or the Record of Idaho Withholding Payments, enter the total amount of withholding paid to the Tax Commission for each split-monthly reporting period in Section I, Amount Paid column. If you made multiple payments for a single period, enter the total amount. Enter the total of the Amount Paid column in Section III, Line 1 of the worksheet.

2. If you made other withholding payments, but did not include them in the Amount Paid column, enter the amount in Section III, Line 2 of the worksheet.

Payment Timeliness. For each period, enter the date of the last payment made to the Tax Commission in Section I, Date Paid column. Compare the date paid to the due date of the payment. If the date paid is later than the due date, you may owe penalty and interest.

Penalty and Interest. If any payment for a period was paid late or if the tax withheld—split-monthly is more than the amount paid, calculate penalty and interest.

1. Calculate penalty separately for each filing period. If you made your first payment for a period after the due date, the penalty is 5% of the tax due for each month (or part of a month) the payment is late. If you underpaid for a tax period, your subsequent payments for the same period are subject to .5% (1/2 of one percent) penalty. The minimum penalty is \$10; the maximum penalty is 25% of the tax due.
 - a) For each period, enter any penalty amount included with the payment in Section I, Penalty Paid of the worksheet.
 - b) For each period, enter any penalty amount not included with the payment in Section I, Penalty Due of the worksheet.

2. Interest accrues on the unpaid tax from the due date for each month until the date paid. Interest rates are as follows:

1/1/2005 - 12/31/2005, 6% per year; .00016393 daily
1/1/2004 - 12/31/2004, 6% per year; .00016393 daily

Interest calculation: a) Multiply the tax due amount by the 2004 daily interest rate of .00016393. Multiply the result by the number of days late. b) Multiply the tax due amount by the 2005 daily interest rate. Multiply the result by the number of days late. c) Add the resulting amounts from Step 1 and Step 2.

Example: \$100 due 7/20/2004 and paid 12/31/2004 is 164 days late in 2004 (including weekends and holidays). \$100 tax amount due times the daily interest rate of .00016393 equals .016393; .016393 times 164 days late equals \$2.69 interest due.

3. For each period, enter any interest amount included with the payment in Section I, Interest Paid column of the worksheet.
4. For each period, enter any interest amount not included with the payment in Section I, Interest Due column of the worksheet.
5. Calculate the total Penalty Paid and total Interest Paid. Enter the total paid penalty and interest in Section III, Line 3 of the worksheet.
6. Calculate the total Penalty Due and total Interest Due. (The totals will be used when completing the Form 956.)

Refunds, Credits, and Adjustments. As a split-monthly filer, your reporting periods cross calendar years. You must make adjustments to calculate the calendar year tax amounts.

1. Enter the total of any income tax withholding refunds received within the current calendar year in Section III, Line 4 of the worksheet.
2. Enter the total of credits applied from a prior period within the current calendar year in Section III, Line 5 of the worksheet.
3. Enter the amount of tax withheld for 1/1 - 1/15 from Line 4a of your 4th quarter 2003 958-A in Section III, Line 6 of the worksheet. The amount will be added to the total payments made for the split-monthly reporting period.
4. Enter the amount of tax withheld for 1/1 - 1/15 from your payment for the period 12/16 - 1/15/2005 in Section III, Line 7 of the worksheet. The

amount will be subtracted from the total payments made for the split-monthly reporting period.

5. Total Calendar Year Payment. Total the amounts from Section III, Lines 1 through 7. Enter the total in Section III, Line 8.

Underpaid / Overpaid. Enter the difference between the amount of tax withheld (Section II, Line 2 of the worksheet) and the amount of payments (Section III, Line 8 of the worksheet) in Section IV, Line 1 of the worksheet.

CHECK DIGIT VALIDATION

The calculation for the check digit is *Modulus 10 Luhns Sum of Digits*. It can be found in the scanline of all of the OCR scanable income tax returns. The check digit is found in position 39 of the scanline. The calculation to validate the check digit is performed on positions 1 through 38 of the scanline. The spaces separating two fields are **not** included in the calculations.

Numbers 0-9 are equal to their face value.

Numbers 10 and above are equal to the sum of their two digits.

Example: $10 = 1+0 = 1$
 $14 = 1+4 = 5$
 $18 = 1+8 = 9$

The letters of the alphabet are valued as follows:

TOTAL 125

1. Sum of the digits. Sum equals 125.
2. Divide the sum by 10. $125/10 = 12$ with a remainder of 5.
3. Subtract the remainder from 10. $10 - 5 = 5$.
4. The check digit equals 5.

NOTE: The "C" used in the example of weighting factor on the previous page designates the location of the check digit. It has no other purpose.

NOTE: If the remainder is equal to zero, the check digit is 0.

Name control must be the first four letters and/or characters of the legal business name. Do **not** include spaces. Do **not** include any punctuation with the exception of the ampersand (&), and the hyphen (-). If the legal business name includes the first word “The”, go to the next word to begin the four-letter name control (example shown below). If the name control is less than four letters, use the following examples to help you.

A B Industries, the four-letter name control would be ABIN.

987654321 000456321 ABIN 08 0904 M 50 9

ABC The name control would be ABC (Space at the end after the “C”)

987654321 000456321 ABC 08 0904 M 50 5

AB C The name control would also be ABC Remove spaces in the middle and compact the letters. Space is at the end.

987654321 000456321 ABC 08 0904 M 50 5

A+B, Inc: Remove the “+” and the comma. That would make the name control ABIN

987654321 000456321 ABIN 08 0904 M 50 9

A/B/C The name control would be ABC Remove the “/”’s and compact the letters. Space after “C”.

987654321 000456321 ABC 08 0904 M 50 5

A/B/C Company The name control would be ABCC

987654321 000456321 ABCC 08 0904 M 50 9

987654321 000456321 ABCC 08 0904 M 50 9
